3M™ Digital Easel DE343

# Digital Capture Made Easy

3M DE343

The 3M Digital Easel DE343 is designed to increase productivity in a business, government, or higher education environments where sharing ideas, brainstorming, and saving every stroke of a pen is a necessity. It is designed to offer overall cost efficiency, long-lasting construction, and easy-to-use software.

# Working together means thinking together

## Powerful, Mobile & Affordable

- **When you need to gather information during meetings and brainstorming sessions, the 3M Digital Easel allows you to bring it together, organize it and send it out.**
- **Electronically capture notes as they are being written** straight to your computer using simple technology combined with a traditional paper easel pad. Once saved to your computer, the notes can be edited, printed or emailed.
- **Preserve a record of collaborative brainstorming** by saving notes in a variety of formats including: WBD, PDF, HTM, BMP, JPG, TIF, PPT, EMF, PPS.
- **Share notes with colleagues instantly** by email, broadcast on the web or print.
- **Keep absentee colleagues on track** with the Playback feature by allowing brainstorming sessions to be reviewed in sequence at any time.
- **Collaborate with remote locations** in real time with the Shared-Meeting application.
- **Archive the meeting** to be viewed, edited, printed or shared at a later time.
- **Combine Capture Technology with simplicity** of the Post-it® Easel Pads that are bleed-through resistant and can be attached almost anywhere. (Post-it® Easel Pads are optional).

# Collaboration is critical to success

**Multiple Writing Surfaces**  
Use either the scratch-resistant porcelain enamel surface or optional easel pads.

**New Page Button**  
Saves current page notes and creates a new page

**Set-up Diagram**

**Self-starting Software Disc**  
enables operating software without installing to a PC

## Maximize Your Meeting

- Two writing options allow you to maximize your meeting. The 3M™ Digital Easel works great with Post-it® Easel Pads. Use the dry erase surface to capture notes without paper!

## Easy-to-use Software

- Innovative software enhances user convenience and productivity.
- “Share-Meeting” technology allows remote participants to conference in real time from virtually any location where internet is available.
- “Playback” allows absent colleagues an opportunity to review the session at a more convenient time.
